# SiLC welcomes tough problems

When Alan and Seansay Clayton came to SiLC, they had little hope...

- He had been divorced twice
- Her fiancé abandoned her when she was diagnosed with cancer
- He was raised in a home of addictions and violence, and developed addictions of his own
- She survived the cancer and was debilitated by migraines and fibromyalgia
- He had problems with rage and she had depression

But when they came to SiLC... they were counseled, given tools and were taught how to use faith in an effective way. All this, mixed with powerful prayers and the Word of God, brought them healing and freedom. They are now married and extremely happy.

They're glad they tried SiLC.
