

The White Room

The ultimate depiction of chic

ELEGANT DINING

This all-white dining room has a look and feel of classic glamour. Use shades of off-white for furniture to add depth, contrasting with bright white or cream-colored dishes. This room brings the outdoors in by utilizing branches, coral, and stones as decorations.

WHITE AND BRIGHT

Thanks to the white and cream palette, this kitchen feels refreshingly open and airy. Grounded by the dark bar stools and appliances, it had a modernized style offset by the traditional crystal chandeliers.

There are logos for Visa, Mastercard, American Express, Discover, and BBO.

RUSTIC MIX

Adding contemporary furniture to reclaimed wood floors gives a mixture of both modern and rustic elements. Use distressed frames to display your favorite nature scene or simply layer different sizes and shades to add contrast.

VINTAGE BATHROOM

From the polished silver claw tub to the dramatic chandelier, this bathroom screams sophistication. Finish the look with antique-style mirrors and candelabra vanity lighting.

MOD LIVING

Add dimension to a simple white living room by adding dark accent furniture, pillows, and a textured area rug.

FUNCTIONAL ART
 Use your collection of cookbooks for more than just a fabulous chicken casserole. This kitchen utilizes its white dishes and clean white lines to create shape. But for pops of color, the family created an open shelving concept proudly displaying their literary collection, which also doubles as decoration.

GEOMETRICALLY PLEASING

The ceramic tub is white-on-white sculpture against the recessed wall and crown molding. The angles of the door frame, mirrors, and sinks make this room both interesting and aesthetically pleasing.

ACCENTS WITH ATTITUDE

Change the ambiance of a room with the seasons. Simply swap out a few pillows and invest in a new rug. Peruse Pinterest for ideas on how to create a unique center piece with everything from flowers to sand.

ATTIC CHIC

By keeping the décor simple, you can make important pieces really stand out, especially in an all-white bedroom. Choose a bold statement rug or a handmade table cloth that has been in your family for generations.

POPS OF COLOR

Want to add some color to your all-white room? Choose one accent color and add a rug, vases, pillows, or even an organizing bin. Go for rich colors such as green, purple, or blue for the most dramatic results.
