The Next Generation Salad Bar

The Texas Borders Story

Since 1996, Texas Borders has become a neighborhood *Cheers* where everyone knows your name. There is great food and service. Texas Borders Bar & Grill's name says it all. They cook great food from the borders - a little Mexican, Cajun, and All-American. Not long after its start, Kellie Messer took over sole ownership. She developed a love and passion of the hospitality industry from her late grandmother, who operated many restaurants.
