

COORDINATING  
CONTRAST

Pairing a white sofa with brightly-colored walls creates a high contrast and depth of design. Following that with a neon color in the rug further enhances the look.

## BACK TO BLACK

Adding black elements to your design - a lampshade, flooring, or pillows for example - help enhance your look, giving it some extra pizzazz. Striking colors such as reds, purples, golds, and neons work well for this style.

Come worship with us!  
We are a campus of Grace Fellowship in Katy and it's our desire to be a multicultural campus that represents the community of North East Katy.

El pastor Jeff Dietz junto con su esposa de 15 años, Kim y sus tres hijos, ayudaron a fundar a la iglesia de dos años Grace Fellowship Norte.

**WHIMSICAL SPACE**  
 Brighten up your craft corner with colorful furniture and funky chairs. You can even use chalk paint to create a dual-purpose mural on your wall.

**FOLLOW THE PRINT**  
 Let your print be your style guide. Do you get the itch to change things up a bit now and then? Use linens and curtain dressings for a low-cost way to change up your room quickly.

**FIND BALANCE**  
 When choosing a bold paint color, opt for light flooring and a neutral-colored anchor piece to help keep your room from being too overwhelming. Carry your color scheme through accent chairs and embellishments. KM
