Kay
Tomlinson,
BEFORE

Grazing on comfort foods

I was overweight and nothing I had tried before would make the weight go away. Oh I might lose a few pounds but then I would gain back more. I continued this yo-yo effect week after week. Frustrated, I would end up grazing on my comfort foods...all night and all day.

My shocking reflection in the mirror

One night I caught a glimpse of myself in the mirror as I was getting out of the tub. I was shocked!! Right then, I decided I HAD to do something. I had seen ads for Physicians WEIGHT LOSS Centers in Katy Magazine. I noticed there were no disclaimers at the bottom of the ad stating "Results not typical" or "Actor portrayal" that I had seen for other weight loss programs. I actually recognized some of the clients in the PWLC ads in Katy Magazine. They were employees at Alexander Elementary, the school where my daughter works. I saw their before and after photos and read their testimonies, and I knew these were genuine stories.

Supportive, positive staff

I went to PWLC for a consultation, and was impressed with what I learned so I got the thumbs up from my physician, and signed up for the program. The PWLC staff assured me I would lose 30 pounds in 16 weeks, and I would be wearing a size 6, and even possibly a size 4, by Christmas! They said I would do this by eating right foods, in the right amounts, in the right the combinations. There would be no diet pills, injections, surgeries, or gimmicks. I knew I needed accountability and the staff was always supportive, positive, and encouraging. Never once did they display disappointment in me if I gained a pound or stalled at a certain weight. They would tweak my eating plan for a couple of days, and get me right back on track. They also monitored my blood pressure, heart rate, and weight each time I was seen at the clinic.

I reached my goal and I feel great

Right on schedule, I was down 31 pounds and also lost 31 inches! Today, I am no longer sluggish. I sleep better. I feel better, I look better and I feel good about myself! I owe much to the Katy PWLC staff. They not only taught me how to eat correctly, they were, and continue to be, my biggest cheerleaders. Oh, by the way, I am in size 6, and even recently purchased a size 4 that fits perfectly! Thank you, PWLC!

Just take that first step and call 281-769-9204.
You could be our next Katy weight loss success story.
