

Sensational Spaces

Open Office

This airy yet private work space yields many Feng Shui elements. Combine earth and water tones with a rustic desk then accent bookshelves with classic volumes, decorative vases, and varied sizes of succulents to bring the outdoors in.

From craft rooms to home theaters, you can turn your bonus space into the ultimate retreat

Bright & Bold

This kid-friendly play space is ideal for an extra landing space or spare bedroom. An open bench area has been converted for storage and doubles as extra seating. Comfy chairs in bright colors, along with bean-bag style ottomans, make this a perfect play and game room combo.

Game Time

Gaming isn't just for kids. Pull up a seat at the bumper pool table, play a game of cards, catch the game, or try your luck at the slot machine. But the fun doesn't end there. Grab your popcorn and transition into the adjoining movie room or simply watch from the bar.
