## Senior High School Girls Honored at Presentation Ceremonies

Each time this year, the three National Charity League (NCL) chapters in Katy present their senior classes at a special ceremony celebrating each graduating girl's contributions into the community. Most of the girls have been volunteering with NCL since 7th grade and have spent numerous hours serving charities across Katy and West Houston. A few of the many charities the girls volunteer for are Katy Christian Ministries, Krause Center, Breath of Life Children's Center, and Brookwood Community.

National Charity League, Inc. is a national mother/daughter philanthropic organization committed to furthering community service, developing leadership qualities in girls, and enhancing cultural experiences.
