Achieving Excellence

For the first time since the district's inception, every school in Katy ISD has been ranked Exemplary or Recognized by the Texas Education Agency

Katy ISD holds onto its standard of excellence, achieving a Recognized rating for the entire district for the third consecutive year. Although the district was projected to earn an Exemplary rating, missing the mark by only 0.3 of a percentage point, it plans on appealing the decision, with final results expected back in October. A review of the information submitted to the TEA found a group of graduates omitted from the report. If they had been noted as graduates, the district would have surpassed the 95% completion rate and been rated Exemplary.

"I am extremely pleased with the way our students and teachers performed and the fact that our test scores are at the Exemplary level," states Katy ISD Superintendent, Alton Frailey in a district press release. "Although our overall rating is currently lower than projected due to the misreporting of last year's graduates, we are still excited that for the first time, every one of our campuses is rated either Exemplary or Recognized."

Congratulations, Katy ISD on another great school year and keep up the good work for 2010-2011!
